

DGLIWLC

The DGLIWLC from CDVI is a stainless steel proximity card reader.

As with the other readers from the range, the DGLIWLC gives an anytime status of the door through multi-coloured LED's.

These access control readers have a high performance read range and are easy to mount. The DGLIWLC is also a 125kHz proximity vandal proof reader.

With an innovative design and a low power consumption, the DGLIWLC card reader is now available from CDVI.

Overview

- Stainless steel proximity reader
- Audible and visual feedback
- Wiegand 26, 30 or 44 bit
- Multicoloured LED
- Internal control or host control of LED and beeper
- Low power consumption
- Consistent read range

DGLIWLC - Technical Specifications

Product Information

Material: stainless steel

Technology: 125kHz

Wiegand 26, 30 or 44 bit

Electrical Specifications

Operating voltage: 12Vdc

Max current: 120mA

Dimensions

Dimensions: 97 x 76 x 20mm

Environment: -30°C to +60°C
